## Projects

### ZeraDash

Dashboard application allowing to content management for ecommerce and other projects with statistic graphs. Project still ongoing.

### Turaz Dictionary

A mobile application for translating between Turkish and Azerbaijani. The app includes over 90,000 words and can be used without an internet connection. Built at Bitsody

### Gerda Butter

A website for Gerda Butter Company in collaboration with Ef Group.

## Work Experience

### Software Developer Intern | Ankara, Turkey

Bitsody Software Feb. 2022 - May 2022

- Developed and maintained web applications using React js, Next js and Typescript, ensuring high-quality and responsive user interfaces for DigitalWisers and Ores Automobile GmbH, catering to their specific business requirements.
- Utilized Unreal Engine 5 to design and create engaging and immersive levels for video games.
- Created cross-platform mobile applications using React Native, delivering consistent user experiences across IOS and Android

### Frontend Developer Intern | Baku, Azerbaijan

Buta Group Jun. 2021 - Oct. 2021

- Collaborated with the development team to create and maintain responsive and user-friendly websites using HTML, CSS and Javascript.
- Converted Adobe XD designs into functional website pages, ensuring pixel-perfect implementation and cross-browser compatibility.
